

STUDIO ROSSI, INC.

VISUAL NOTES

THE MOVE IS COMPLETE!

'Mise en place'. And everything is in its place in the new studio and the phone number has been confirmed:

440.975.1441

It seems only appropriate that things change. Addresses - phone numbers - the weather.

But there is something that will remain the same, my commitment to clients, old and new, to supply quality images at fair prices.

As always, I am available to come to you to discuss your projects and your photographic needs.

A number of you have been to the studio already to work or visit. Most feel it is a lot like the previous studio, a bit smaller but more organized. I think I still have a few kinks to work out but as with any major change in life, it is a work in progress.

Variety is indeed the spice of life! The images on these pages were photographed for a variety of clients from the medical industry, consumer and business-to-business markets, to the 'art book' market.
